The builders of gaff schooner **Raja Laut.**

**S/Y** Raja Laut, 100 foot timber schooner which was launched in Sabah 3 years ago is successfully plying Southeast Asian waters as a luxury charter vessel. The shipwrights and carpenters who built her are based here in **Sabah** and available for **repair or modification works** on timber boats or interior joinery works on any boats. Sabah offers a large choice of high **quality timbers** at very competitive prices - i.e cheaper than Thailand or Peninsular Malaysia. Teak is not commercially available but can be imported...
