

SCHOONER RAJA LAUT

PRIVATE JOURNEYS

~ RAJA AMPAT ~

Note: This is only an example itinerary. This cruise may be altered, shortened or extended in duration to meet your requirements. Activities each day include swimming, snorkeling, kayaking, waterskiing, fishing, as well as beachcombing and picnics on deserted white sandy beaches. On the longer passages sail leisurely on calm seas – relax, enjoy great views, gourmet meals, read & sunbathe

Day 1 Sorong

Pick up from Sorong airport, West Papua. Set sail for the islands of the ‘Raja Ampat’.

Day 2 Misool

Each island in the Raja Ampat is different, some reminiscent of the green-capped limestone outcrops found in Palau. The tribal cultures of this region are some of the most isolated in the world and are still largely uninfluenced by western society.

Day 3 Misool

In the islands of the Raja Ampat no dive site is like another. Some are characterised by strong currents and exciting diving and others more relaxed. Tasselled Wobbegongs and Epaulette Sharks accompany incredible macrodiving. A photographers paradise.

Day 4 Misool / Salawati

Leaving the Misool area for Pulau Salawati and it’s accompanying islands. The glorious scenes at night, one of the few places in the world where you will see no lights, just stars, are a huge allure of this remote area.

Day 5 Salawati

In the Salawati area divers and snorkeller can expect to encounter large fish as well as the usually outstandingly healthy coral and abundance of macro life. Littered with 1500 tiny islands each adventure in the Raja Ampat is never the same as the last.

Day 6 Salawati

Celebrating the last evening with a BBQ and fire on the beach before starting the slow exploration journey back to Sorong.

Day 7 Salawati / Sorong

Return to Sorong via a different route and stop for the lunch and a snorkel in a private bay.
